

THE GEORGE INSTITUTE for Global Health

The TORPEDO Study and NSW HealthTracker Project - results and what they mean for the future AH&MRC Chronic Disease Conference May 6 & 7 2014

Marilyn Lyford
Project Officer & Research Fellow

Australia | China | India | UK

THE GEORGE INSTITUTE

for Global Health

We will be happy to circulate the final results of the study once we have final approval

For further information about the TORPEDO study and if your ACCHS is interested in joining the NSW HealthTracker Project Wave 2

Please contact:

Marilyn Lyford

Project Officer
