10 reasons to quit

1. Save money, a pack a day smoker will save on average \$496 a month
2. You will be able to breathe better
3. You will smell better
4. Your health will improve
5. You will be able to taste your food better
6. You will be in charge of your life and how you spend your time, not the smokes!
7. You will have more energy
8. Your teeth will be whiter
9. Your fingers won't be brown
